

E3900 Series Cash Cassettes

E3900 Series High Capacity Cash Cassettes

For more than 39 years, APG has been delivering innovative retail cash drawer solutions to retailers worldwide.

The E3900 Series Flip Top Cash Cassette delivers uncompromising performance and quality focused on low cost of ownership, ease of use and speed through the checkout. It additionally combines a high capacity insert tray with extensive media storage (for extra notes) under the insert. Depending on the particular model, the cassette can accommodate various configurations including 4/6 notes and 8 coins for the EURO with additional 2 notes underneath or even 11 notes or 16 notes to accommodate the vast majority of worldwide currencies.

Mounting

The Cassettes are connected to a baseplate (including legacy baseplates for easy adoption) that is firmly secured to the checkout counter top.

Quality

Quality is assured with the extensive use of computer aided design and automated flexible manufacturing, coupled with systematic testing and control of components and assembly.

Speed and Efficiency

Routinely tested to ensure the lid opens consistently, beyond 80 degrees, providing full access to the drawer insert.

Reliability

Built using high quality plastics and features a release mechanism that has been tested beyond 1M operation cycles to ensure that it performs flawlessly for the life of the POS system.

Security

The E3900 provides status switch back to the POS application, or with a function lock.

INSTALL IT. FORGET IT.

Cassette Features:

E3959
