POS-Systems

	Product	JS-960WS Stingray	JS-970
System	Description	Page 329	Page 329
	Display/Touch screen	15" (38.1 cm), 1024 x 768 pixel	15" (38.1 cm), 1024 x 768 pixels or 17" (43.2 cm), 1280 x 1024 pixel
	Processor	Intel Celeron P4500	Intel Celeron N2930, 1.83 GHz / Intel Pentium G3320TG, 2.3 GHz / Intel Core i5-4590T, 2.0 GHz
	Memory	2 GB, max. 8 GB	4 GB, max. 16 GB
	Hard disk	6.4 cm (2.5") HDD SATA; 250 GB	320 GB HDD (Serial ATA), 64 GB SSD optional
	Operating system	Windows XP SP3 / XP Embedded / Vista / 7 / Embedded Standard 7, WEPOS 1.1, POSReady 2009, POSReady 7, Linux kernel 2.6, Slackware Ver. 12.0	Windows Embedded 8.1 Industry Pro Retail / Windows Embedded 8.1 Pro / Windows Embedded POS Ready 7 / Windows 7 Professional for Embedded Systems
	PS	Power supply	AC 100 V–240 V, 50/60 Hz
Expansions	Serial	2 x DB 9 / 3 x DB 9	3 x (RJ-50, 2 x powered)
	Parallel port	1	–
	Video	1 x DVI	1 x DVI
	LAN	1 x RJ-45	1 x RJ-45
	USB 2.0	5 x USB 2.0, 1 x with 12 V, 1 x with 24 V power supply / 4 x USB 2.0, 1 x with 12 V, 1 x with 24 V power supply	4 x USB 2.0, 2 x USB 3.0, 2 x powered USB (1 x 12V, 1 x 24V)
	Audio	Line-Out, MIC-In	Line-Out, MIC-In
	Cash drawer	1 x DIN 6-pin, 1x RJ11	2 x RJ11 24V
Environment	Warranty	24 months	24 months
	Operating conditions	5–40 °C, 15–85 % relative humidity	5–40 °C, 15–85 % relative humidity
	Dimensions (WxHxD)	364 x 371 x 245 mm / 364 x 328 x 80 mm	367 x 374 x 291 mm
	Housing	Plastic (ABS)	Plastic (ABS)
Options and Accessories	Weight	10.3 kg / 5.6 kg	10.8 kg (Celeron model) / 11.3 kg (Pentium model)
	Magnetic card reader, internal, tracks 1/2/3	Optional	Optional
	Fingerprint reader, internal	Optional	Optional
	Customer display, int.: 4 rows w. 20 char. each, fluorescent green	Optional	–
	Customer display, int.: 2 rows w. 20 char. each, fluorescent green	12.1" optional (JS-960WS)	Optional
	Customer display, int.: 8.4" SVGA	Optional	12.1" XGA optional
	Dallas waiter lock, internal, magnetic	–	Optional
	Cash drawer	Panasonic JS-170CD-E30, or various models of different manufacturers	

Panasonic Stingray JS-960

- Sleek all-in-one POS system with integrated touch screen
- Highly reliable thanks to long-wearing components
- Modular construction for simple maintenance and quick exchange
- Intel Celeron Dual Core processor, up to 8 GB RAM
- Various mounting options: with base or wall bracket

The modular POS system JS-960 (Stingray Envoy) from Panasonic hits the mark in terms of performance and design. It is compact and very elegant – and is therefore predestined for the checkout at more upscale restaurants, in bakeries and in hotels. Its modular construction facilitates regular routine maintenance and also guarantees a simple exchange of hardware elements in case of an emergency.

The flat touch display comes in two screen sizes, 30.7 cm (12.1") or 38.1 cm (15"). Panasonic offers you various installation options: The classic model for vertical placement (JS-960WS) comes with a sleek base. Additionally, there is a flat version, which consists of a compact touch panel (JS-960WP). The powerful Intel Celeron P4500 processor provides for relaxed working conditions and impeccable performance, even with demanding applications. The available interfaces ensure for simple integration into the existing environment: two PoweredUSB and up to five USB 2.0 connectors, three RS232 ports; DVI, LAN etc.

Information

Save unnecessary expenditures!

For making adaptations of your software to our hardware easy for you, we gladly send loan equipment to you from our demo pool. Nearly all other products in this catalogue are available free of charge for you for a certain time of testing, demonstrating or adaptation to your software solution. Make use from this service, protect yourselves from surprises with the later installation.

Our presentation devices are your unique selling proposition compared to your competitors. When your customers can feel, see and touch the devices, you will most probably get the order. While your competitors can only show data sheets, you can convince the client with seizable arguments.

In order to receive free presentation equipment, please contact your account manager from our sales team free of charge.

Panasonic JS-970

- Reliable, flexible complete system for retail
- Simple maintenance and versatile expansion options (VFD, magnetic card reader, fingerprint reader, etc.)
- 15" touch screen (either with resistive or capacitive) with rich colors
- High performance: various Intel processors with up to 2.3 GHz
- 2 powered USB ports for simple peripheral integration

The modular POS system JS-970 delivers established high quality and reliability from Panasonic. Developed for rough operating conditions at the POS, the model demonstrates robustness and flexibility. All electrical components are located directly in the panel – use this advantage for simple VESA mounting on the wall, or use the model in the classical style with a stand. The 15" LCD monitor with either resistive or capacitive touch technology always delivers sharps images. With numerous options like VFD, magnetic card reader and a 12" customer display you tailor the system to every environment.

The system also impresses with its performance: depending on the requirements, choose from various powerful variants for optimal operational performance. All variants feature either a 320 GB HDD or fast 64 GB SSD medium, plus 4GB RAM. For peripheral devices you have two USB powered ports (1 x 12V, 1 x 24V) at your disposal, depending on the processor; additionally there are many other ports.
