# Windows NT Screen Saver

#### © SEIKO EPSON CORP. 2000

This software is a screen saver exclusively for use with Windows NT. For information on turning the video off in other operating systems, refer to the IM-310 Developer's Guide. The backlight of the LCD will turn off when this screen saver is in operation. When the screen saver is exited, the LCD backlight will turn on. This will prolong the product life of the LCD and reduce power consumption when the system is idle.

### **Operational Environment**

Main unit : IM-310

OS : Microsoft Windows NT4.0 SP3 or later

LCD : DM-LR121SV, DM-LR104SV

### Note:

This screen saver is only available in English.

This screen saver will not operate with the DM-LR104. (VGA model)

## Installing the Screen Saver

Follow the procedures below to install the screen saver.

- 1. Double click EPSSS4NT.EXE to execute it.
- 2. The following screen will appear. Confirm the contents and press the "Next" button.
